

SeeSnake® microDrain™ Inspection System

NEW

The new microDrain™ Inspection System represents a huge leap forward in small diameter drain inspection technology paired with the durability you expect from RIDGID®. The microDrain System will allow you to quickly inspect places previously unreachable – providing true accessibility, increased efficiency, and reduced job time.

- **Small Diameter and Tight Turn Radius** camera head gets you through many toilet traps and 1¼" lines.
- **Multiple Monitor Compatibility** allows you to use the microDrain reel with your SeeSnake monitor or the microEXPLORER™ Digital Inspection Camera.
- **Lightweight and Compact** unit allows you to easily stow and carry the camera in your truck and onto the job site providing solutions whenever and wherever you need them.
- **Durable and Reliable** construction quality that you have come to expect from the RIDGID SeeSnake name.
